

# Ready, Scale, Aim

## Assessing Scaling Options

Offered by: **Joe Schofield**, Scrum Certified Trainer (SCT™),  
SCRUMstudy Authorized Training Partner,  
SAFe® 5.0 certified

Joe's latest agile resources:

**Overview:** Attendees receive a copy of all the slides and exercises. This workshop

- provides teams and organizations with an overview of SoS, DA, Nexus™, SAFe®, LeSS, and Scrum@Scale™
- explores the business and organizational motivation for scaling
- describes the needed commitments, potential benefits, and likely impact of scaling choices
- compares and contrasts scaling options relative to current agile practices and DevOps opportunities
- promotes discussion among agile candidates, teams, customers, and leadership regarding agile and scaling options

[Agile Value Delivery: A Critical Component of Virtual Meetings](#)

[Aligning the PMO to Lead Agile Transformation](#)

### Objectives:

- Prepare teams, leadership, and business partners to make informed choices about scaling options
- Note clear differences in scaling choices
- Explore beliefs and attitudes towards agile, non-agile, and scaling
- Align DevOps activities with scaled agile
- Examine the role of leadership, teams, and the business partner when scaling throughout the enterprise
- Foster discussion on optimizing team usage of agile methods
- Identify the apparent strengths and limitations of six scaling approaches
